

Umbra User Manual

After you compile the software you will be taken to a new window looking something like:

You are playing as a little grey knight, and your objective is to jump on little green dungeon trolls. You will notice there are a lot of trolls that you have to fight off by jumping on top of them. The more trolls that you jump on the higher your score will be.

CONTROLS

Umbra allows users to choose between two controls. For regular gamers the WASD key pattern may be second nature, but we also wanted to add arrow keys for newer gamers.

W and Up Arrow	Jump
A and Left Arrow	Move Left
D and Right Arrow	Move Right
